

HOSPITALITY COLLECTION

Presentation, made memorable.

Custom menu covers, tabletop presentation and guestroom accessories for hospitality brands worldwide.

Refined hospitality presentation, crafted for your brand.

From a restaurant table to a hotel room, every touchpoint can speak the same visual language.

One partner for a consistent guest experience.

Founded in 2012, Menunique is a China-based specialist in custom menu covers and hospitality tabletop products. We support restaurants, hotels, bars, cafés, resorts and foodservice brands with coordinated products across dining and accommodation spaces.

Our flexible production combines leather, leatherette, wood, acrylic, metal and mixed materials with custom structures, colours, stitching, packaging and finishing details.

12+ YEARS

Industry experience since 2012

GLOBAL

Support for independent brands, groups and distributors

Skilled hands turn brand details into durable objects.

Cutting • Gluing • Sewing • Precision trimming • Debossing

From sample development through finishing and packing, each step is managed to keep materials, construction and branding consistent.

A clear path from concept to delivery.

01 Brief

Product, dimensions, material, colour and brand direction.

02 Sample

Prototype development and detail confirmation.

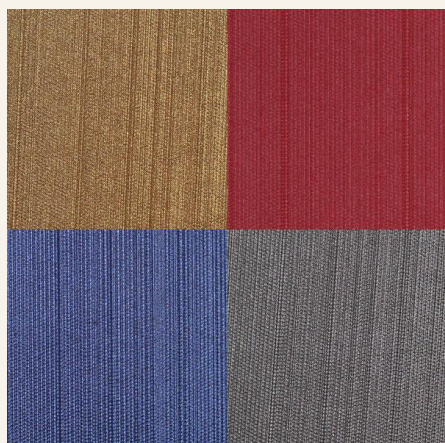

03 Production

Cutting, assembly, branding and quality checks.

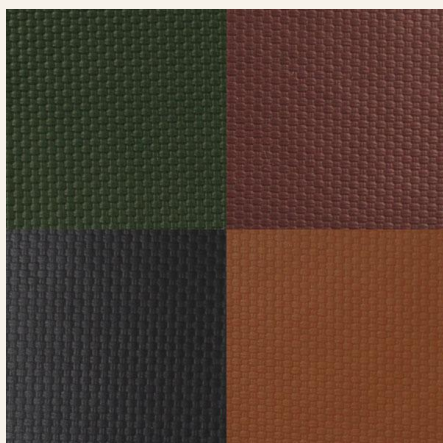

04 Delivery

Protective packing and shipping matched to order size.

Texture sets the tone before a menu is opened.

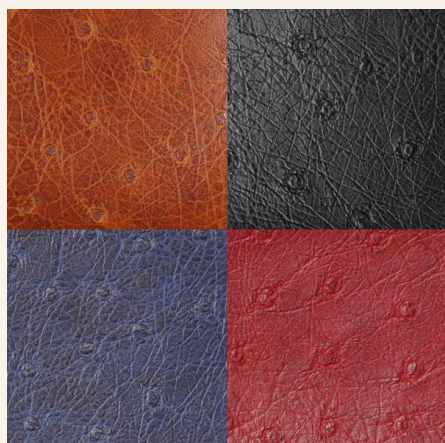

Brushed leatherette

Textured weave

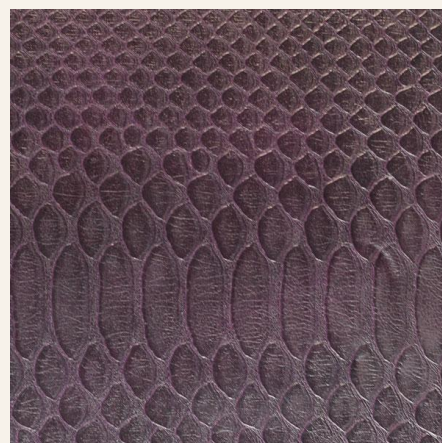

Crocodile texture

Ostrich texture

Lizard texture

Snake texture

Explore a wide range of leather and leatherette grains, colours and tactile finishes to match each hospitality concept.

Built around the moments your guests remember.

06 **Guestroom accessories**

Your menu deserves a cover with presence.

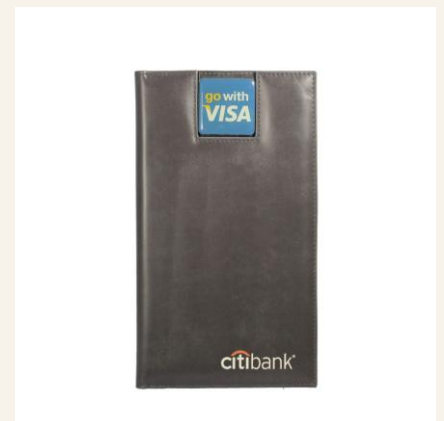

Casebound, sewn-edge, clear-view, multi-panel and illuminated formats can be tailored to the rhythm and style of your venue.

Simple structures. Strong brand character.

Choose bands, rings, clips or posts, then combine wood, leatherette and mixed materials to create an intuitive presentation.

Finish the service on a considered note.

Compact formats, durable interiors and custom branding turn the final guest interaction into another expression of your identity.

Put the right message where guests will see it.

From QR signs and reserved markers to acrylic pockets and multi-sided tents, tabletop communication stays clear and on-brand.

Two profiles for high-visibility tabletop messaging.

Two-sided table tent

A compact A-frame format for menus, promotions, reserved messaging and countertop communication.

Three-sided table tent

Three visible faces create continuous brand exposure from multiple directions across the table.

Custom sizes, materials, colours and logo finishes available.

Practical formats for changing content.

Waterproof menus

Easy-care printed formats for high-use service environments.

Custom binders

Organised presentation for directories, wine lists and sales material.

Small objects, carefully coordinated.

Beer flights, placemats, coasters and condiment caddies can share the same material language as your menu presentation.

Carry the brand experience beyond the restaurant.

Directories • trays • tissue boxes • waste bins • desk accessories • door hangers

Coordinated sets bring order, durability and a polished residential feel to every room.

Designed to work beautifully, every day.

Mix leatherette, wood and metal accents across serving trays, tissue covers, bins and stationery to create a cohesive room set.

A finishing method for every brand personality.

Debossing

Embossing

Gold stamping

Laser engraving

Silver stamping

Heat transfer / embroidery

Every specification can support the story you want to tell.

- | | | |
|----|------------------|---|
| 01 | Format | Size, page capacity, structure and closure |
| 02 | Material | Leather, leatherette, wood, acrylic, metal or mixed |
| 03 | Colour | Core palette, contrast details and stitching |
| 04 | Branding | Placement, scale and finishing technique |
| 05 | Packaging | Bulk, individual or retail-ready requirements |

Share a clear brief and we will shape the right solution.

01

Logo files

AI, EPS, CDR or vector PDF preferred.

02

Sampling

Typically 7–10 business days, subject to complexity and material availability.

03

Production

Typically 20–30 business days, depending on product and quantity.

04

Shipping

Express, air or ocean solutions selected for urgency, volume and cost.

MOQ guidance: 500 pcs for clear café covers, check presenters, table tents and wood products; 50 pcs for selected hotel-room products.

Questions about customisation and sampling.

01 Do you offer customisation?

Yes. Size, material, colour, construction, logo method and placement can be tailored.

02 Can I see samples before ordering?

Yes. Swatches are recommended to confirm colour, texture and finish before a custom order.

03 Which logo methods are available?

Embossing, debossing, gold or silver hot stamping, laser engraving, heat transfer printing and embroidery.

04 Which files should I send?

Vector AI, EPS, CDR or PDF files are preferred. High-resolution images may be converted where possible.

05 How long does sampling take?

Usually 7–10 business days, depending on design complexity and material availability.

Questions about production, payment and delivery.

06 How long does mass production take?

Usually 20–30 business days, depending on product type and order quantity.

07 Which payment methods are accepted?

Bank transfer may be available for wholesale or custom orders. Sample fees may be paid by PayPal or Western Union.

08 How do you ship orders?

Express, air and ocean shipping options are available. The route is matched to urgency, volume and budget.

09 Can you support FBA or retail-ready packing?

Yes. FNSKU labels, poly-bags and suffocation-warning compliant packaging can be prepared to supplied requirements.

10 What if goods arrive damaged?

Report within 24 hours with photos of outer packing, inner packing and damaged goods. Custom products are generally non-returnable unless damaged or made incorrectly.
